

My name is Stuart Smith. I am a lifelong resident of Houston, Texas. This past summer my wife and I celebrated thirty years of marriage. We have two wonderful children, Jeffrey 28, and Joanna 25, a daughter-in-law, Crystal and a beautiful 18 month old grandson, Luke.

I have enjoyed a 23 year long career working in the used truck market. I began my career at Performance Kenworth, Houston. Along the way I've had many mentors and developed lifelong friendships, not only at Performance but also at International UTC and in my current position at Selectrucks of Houston. For the last 9 years, I've held the position of Corporate Wholesale manager at Selectrucks of Houston. This position has allowed me to develop close friendships with dealers in the used truck business across the United States. I am thankful for my rewarding and challenging career in the constantly evolving business of used trucks
