

Nick Roth

Nick Roth has spent the last 10 years with Cummins Inc based in Columbus, IN. Before starting at Cummins, he was a Vice President of a bank in Ohio. He started his career at Cummins in their technical customer support team helping expedite repairs and source parts for National Accounts. After spending 2 years in this group, he was promoted and transferred to Nashville, TN as part of Cummins Customer Care consolidation strategy. From that position, he led a group of 20 employees in the parts order management group helping deliver parts when and where they were needed. In the past 6 years, Nick has been an Account Executive for National Accounts. He has also spent the last 2 years working as the Used Truck liaison for Cummins helping ensure the secondary market is well informed and educated on the suite of products from Cummins. He has won the President Club award in consecutive years and is on track for a 3rd straight and has received 6 promotions in the first 9 years at Cummins. He is green belt Six Sigma certified as well. He graduated from Miami University with a Bachelors degree in Business and a Masters degree from University of Phoenix. He resides in Nashville with his wife, Jennie, of six years and daughter Taylor.
