Nominee Name: Mark Warren, Buyer  
markw@vanderhaags.com

Dealership Name: Vander Haag's, Inc.  
3809 4th Ave West  
Spencer, IA 51301  
712-262-7000

Mark Warren began working for Vander Haag's in April 1981. He has seen many changes and growth within our company since then, from the transition of car and pickup salvage to truck salvage, to the adding of our locations in Des Moines & Council Bluffs, Iowa, Sioux Falls, South Dakota, Kansas City, Missouri and most recently in Winamac, Indiana. He has been a contributor in the growth of Vander Haag's from only 25 employees in 1981 to our current 300+ employee team.

Mark has also aided in the expansion of product lines at Vander Haag's over the years. He has been instrumental in the procurement of new equipment, grain and dump bodies as well as all of our 10 OEM trailer lines: grain and hoppers, side and end dumps, flatbeds, step decks and belly dumps.

Mark knows the truck and truck parts business and has held positions in the following departments during his 37 year tenure: inventory, parts sales & purchasing, truck sales & purchasing, branch manager, corporate used truck manager and full time corporate buyer. He was our original buyer and seller of used trucks in Spencer, and until recently, also took care of all of the title work associated with buying and selling trucks and trailers for all of our locations. He currently purchases inventory for both our used truck and salvage departments, and is the entry point for creating their registry into our state-of-the-art inventory system.

Mark has been active in the used truck industry for over 37 years, and as a chapter member in the UTA, is a strong believer in the UTA's code of ethics. He continues to sponsor and participate in the Jerome Newman Family Foundation Kansas City Golf Open each year.

Mark has been a member of the National Truck & Equipment Association for 31 years and has attended several Truck Paper conferences. Before Vander Haag's changed our focus from car parts to heavy duty truck parts, Mark was very active in the Iowa Automotive Recyclers Association, and has attended many annual conventions of the National Automotive Recyclers Association. He continues to represent Vander Haag's at conventions such as the UTA and has attended every UTA convention.

Mark and his wife Bernie combined their families in 1994 and continued to raise their 7 children in the Spencer community. He enjoys golfing, grilling and cooking. On the weekends, he and Bernie spend most of their time traveling to visit their family and 15 grandchildren. They enjoy watching their grandkids activities which include soccer, basketball, hockey, baseball, softball and band concerts.
