

Tim Ronan

Tim is a 1982 graduate of Indiana University with a double major in Sales Management and Marketing. He's spent the last 37 years in sales, including 25 of those years in truck remarketing. Of those 25 years, he spent 15 years in the Heavy Truck Auction side of the business, including three years as the National Heavy Truck & Equipment Manager for Manheim Auctions. He also has 10 years of retail sales experience--four as a Salesperson for the Freightliner dealer in Lima, OH, and six years as a Used Truck Sales Manager (McMahon Truck Centers - Nashville)/Director of Used Truck Sales for McMahon Truck Group, the Mack dealer in Nashville and Charlotte, and the Mack/Volvo/Hino dealer in Columbus, OH.

Tim's involvement in the industry goes much deeper than just his employment. In 2005, he joined the Truck Blue Book Advisory Council under Terry Williams' leadership. He added an auction perspective to the values and processes that the Blue Book incorporated.

Tim also previously served on the UTA Board of Directors from 2008 through 2013, and served as Chairman of the Jerome Nerman Scholarship Fund Committee during his tenure. The committee was able to grow the fund base and offer ten \$5,000.00 scholarships for several years. He has also emceed the UTA Annual Convention for four of the last five years at the request of the Convention Committee, and very much enjoyed contributing in that role.

As Used Truck Sales Manager for McMahon Truck Centers – Nashville, the company was named Mack North America Remarketing Dealer of the Year in 2014, and again in 2016. Tim was also elected to sit on the Mack/Volvo Premium Dealer Council in 2015, and was the Vice President in 2016 and President in 2017. He also holds a seat on the Mack Premium Dealer Used Truck Sub-Committee, which focuses on Mack on-highway product secondary market improvements.

Tim's been invested in the industry for 25 years now and would like to use that experience as a member of the Board of Directors to *represent our industry*, and not just his views. He believes the additional experience he's gained since leaving the UTA Board in 2013 allows him to once again be a valuable contributor to the UTA.

When Tim's not playing with trucks, he enjoys spending time with his wife, Dee, and trying not to drive her crazy. They will celebrate their 30th wedding anniversary next May... "The woman is a saint," Tim says, for putting up with him for that long! They have two grown children. Evan their son is a Data Analytics Manager for HCA, a large hospital group in Nashville, and Dr. Kelsey Ronan, AUD is currently finishing up her Audiology Externship at Ohio ENT in Columbus, OH.

Tim greatly appreciates your consideration for a UTA Board of Directors position in 2019. He looks forward to seeing you all in Indian Wells, CA.
