

Lance Holloway

Present Position: Sales, Truck Central LLC

Lance has worked in the used truck industry for two and a half years. He is a wholesale fleet buyer and seller for Truck Central in Kansas City, MO.

UTA Experience

The UTA has played a critical role in helping Lance get connected in the industry. He is a member of the Young Member Committee and participated in the mentor program at last year's UTA Convention in Palm Springs.

If Lance is elected to the board, he will work on growing membership with the younger professionals in the industry and creating better channels for members to share knowledge with one another.

Personal Background

Lance grew up around the used truck industry, but finally decided to get into the business himself in 2018.

When Lance isn't at Truck Central, you'll probably catch him hacking around on the golf course, riding his bicycle aimlessly, or going to a Chiefs game with his family.
