I am a very organized, hardworking, and motivated to succeed. I am passionate about my career and the trucking industry. I have excellent communication skills and enjoy working with people. I have a high sense of urgency and willingness to get the job done right the first time.

I have been an active member of the UTA Dealer group since 2013. I have enjoyed the work we have completed toward the organization and planning of the annual UTA Convention. Arrow also participates in the planning and organization of the annual golf outing that raises funds for the UTA scholarships.

I love to work hard and play hard. I try to exercise several days a week preferably outside. I am an avid Crossfitter and Olympic weightlifter. I love riding single track on my mountain bike. If there are any water sports, including skiing, wakeboarding, and wake surfing, I'm in!

I love traveling and spending time with my beautiful wife, Melanie, who I've been married to for 24 years along with my two sons, Noah (22), and Zach (20). In 2019, we moved to an expanded lake community. I have served on the Boat Committee for 2 years and I have enjoyed working with them to make our lake community fun and safe.

The UTA has made a huge impact on my career and recognized used trucks as a vital part of the trucking industry. I've had the pleasure of knowing one of the UTA founders, Jerry Nerman, and worked with him for several years at Arrow. Jerry shared some of the struggles he faced as a pioneer in used trucks. I think it's important to know where we have started from. I think it helps us understand the passion and vision of our founders so that we can carry that vision forward toward the future. It allows us to recognize new struggles and have the courage and passion to face them head on. If you vote for me, you have my commitment that I will work hard and with a passion to take the UTA to the next level.
